A DRIVE OF CHOICE

The choices we make are clues, revealing something about who we are. Choices can be hard. They can be easy. But nowhere are they more enjoyable than inside a ŠKODA FABIA.

If you choose to make a statement, the all-new FABIA has been remastered and restyled. The unique ŠKODA 'crystalline' design makes everyone look twice. The lively ColourConcept lets you express your own personality through your drive, with many possible choices of roof and body combinations. The LED lights show the way, and also show our focus on the latest technology.

And while the FABIA's compact dimensions still make it agile for urban driving, it's roomy enough inside to carry both people and possessions. As always, ingenious Simply Clever details make the FABIA one of the smartest choices on four wheels.

The FABIA is yet another example of our philosophy of making beautifully designed cars that are as much a joy to drive now as they were back when we started.

That's Simply Clever. That's ŠKODA.

EXTERIOR DESIGN

INSTANT CONVERSATION STARTER

Unmistakable. Unmissable. With a new grille as well as a new front and rear bumper design, new headlamps and optional LED lighting, the new FABIA will announce your arrival at every corner.

EXTERIOR DESIGN

The new FABIA radiates a fresh, elegant style with a newly designed exterior that emphasises its crystalline design language.

The headlamps, grille and front bumper form a harmonic whole, while the edgy contours add vigour and dynamism to the car.

COMBI VERSION

If you want to be prepared for everything that life throws at you, look no further than the new FABIA Combi. This compact car with balanced proportions combines space with elegance in a refreshing manner.

HEADLAMP AND FOG LAMP DESIGN

ŠKODA's crystalline design language truly influences the car's lighting. Headlamps and fog lamps are angular. Moreover, the headlamps include integrated crystalline decorative features referring to the beauty of Bohemian cut glass.

PANORAMIC ROOF

The attractiveness of the car can be highlighted with the panoramic glass roof, which stretches all the way from the windscreen to the roof spoiler and brings you the feeling of freedom and even more space.

REAR LIGHT AND REFLECTOR DESIGN

The new FABIA's lighting signature is remarkable. The rear lights penetrate into the side, thus also illuminating the profile. The reflectors integrated in the rear bumper improve the visibility of the car.

PAINT THE TOWN BLACK, OR GREEN, OR BOTH

The colours you choose say a lot about you. They give clues to who you truly are. And when you opt for one of the many ColourConcept combinations, you can declare your individuality with pride.

LIGHT DESIGN

GLOW IN THE DARK

The sophisticated light design improves the emotional expression of the car as well as your safety, turning night journeys into a joy. The top-end solution comes with a complete LED system, without compromising on form or function.

LED HEADLAMPS

Every new FABIA boasts headlamps with eye-catching strips of LEDs for daylight driving. The top-end option is all about LED technology. The LED headlamps also include corner function.

LED REAR LIGHTS AND REFLECTORS

The familiar C-shaped illumination is a typical feature of the ŠKODA brand. In addition, the rear lights can be equipped with LEDs. The reflectors integrated in the rear bumper for better visibility of the car also feature in the new FABIA.

A photograph taken from the driver's perspective inside a car. The steering wheel, dashboard, and center console are visible in the foreground. The car is parked on a street next to a body of water, with a city skyline and a man standing in the background under a warm, golden sunset sky. The text "INTERIOR DESIGN" is overlaid in large, white, bold, sans-serif capital letters on the right side of the image.

INTERIOR DESIGN

A detailed view of the front interior of a Volvo car. The steering wheel is on the left, featuring the Volvo logo. The dashboard is dark and sleek, with a central infotainment screen displaying various icons. Below the screen is a climate control panel with circular dials and buttons. The center console has a gear shifter and handbrake. The seats are upholstered in a dark material with light-colored stitching. The overall design is modern and minimalist.

FEEL AT HOME WHEREVER YOU ARE

The spacious yet cosy interior features quality materials and precise workmanship wherever you look. It makes this car a lovely place to spend time in.

STAY SHARP, STAY COMFORTABLE

Shut out the chaos when you shut the door. New dashboard décors, upholstery options and plenty of refinements ensure you stay comfortable while staying in control.

STYLE AND FUNCTIONALITY

The new FABIA comes with a wide choice of décor and upholstery with decorative stitching. The stylish details are accompanied with perfect functionality. The dashboard with a newly designed instrument panel is arranged practically so you can get oriented quickly and easily behind the steering wheel.

CONNECTIVITY

MyŠKODA APP
Meet Paul, the interactive assistant of the MyŠKODA App (for Android and iOS systems), who can provide help in various daily situations. You can use him to access information about your car or for a complete description of what controls what, what each warning lamp means, etc. Paul can also keep an eye on the dates in your planner. Not only will you never forget a meeting, but your assistant will also advise you on how to get there.

SWING / SWING PLUS
The Swing radio with 6.5" colour touch-screen display comes in two levels. The basic version features, besides radio function, USB and SD card slots. In addition to the features of the basic Swing version, Swing Plus also offers Bluetooth and SmartLink+. The ŠKODA Surround System comes with Swing Plus radio as standard.

AMUNDSEN
The Amundsen navigation system, controlled via a 6.5" touch-screen display, offers many functions of a top radio. The WLAN hotspot comes as standard. The SmartLink+ system is optional.

USB SLOTS IN THE REAR
On the rear part of the front armrest you can find two USB slots enabling mobile phone charging.

**SIMPLY
CLEVER**

BE A GENIUS, OR FIND SOME IN EVERY CORNER

A place for everything and everything in its place. The new FABIA is loaded with Simply Clever features that pop up all around the car, providing even more practicality.

FRONT ARMREST AND CENTRE CONSOLE

While the front armrest features a hidden and closed compartment, the centre console offers dual drink holders as well as a place for small items you want to keep close at hand. The lighting for the centre console will make the interior more cosy.

POCKET

Storage pockets on the inside of the front seat backrests can hold a diary, mobile phone or other small items.

GLOVE COMPARTMENT

The closed storage compartment in the dashboard has enough room to fit a 1.0-l bottle.

BOTTLE HOLDERS

The storage compartments in both rear doors can hold a 0.5-l bottle (see photo), while the front doors can hold a 1.5-l bottle.

ICESCRAPER

This clever detail is mounted on the fuel cap and it's not a problem to replace it there when wet.

UMBRELLA BOX

A box with an original ŠKODA umbrella can be found under the passenger seat.

MULTIMEDIA BRACKET

Your personal appliances, like a smartphone, can be safely stored in the multimedia bracket situated in the dual drinks holder on the centre console.

LUGGAGE COMPARTMENT

IF IT FITS YOU, IT FITS IN

The luggage compartment runs some impressive numbers: the hatchback offers 330/1,150 litres and the combi 530/1,395 litres. But it isn't just about volume. It's about how cleverly the space is organised and maximised so your possessions can be transported carefully and securely.

LOWER POSITION SHELF

The luggage compartment shelf in the hatchback version, when fixed in the lower position, allows you to transport fragile objects, for example.

NET PROGRAMME

A set of nets in varying sizes will keep order in your luggage compartment and will prevent luggage from sliding around.

DOUBLE FLOOR

This special equipment for the combi version places the bottom of the luggage compartment on the loading edge level, facilitating easier luggage handling. In addition, it provides a discrete storage place.

DOUBLE-SIDED CARPET

You can use the carpet with the elegant fabric side up when not transporting anything that might make your car dirty, and can easily turn it over to utilise the washable rubber side when required.

VARIABILITY

The rear seats feature 40/60 folding split. If you need to maintain rear seating for passengers and extend the storage space at the same time, you can fold down just one backrest.

PARTITION NET

The partition net for the combi version separates the luggage compartment from the crew space and increases passenger safety when transporting objects without the luggage compartment cover.

COMFORT

GET INSIDE YOUR COMFORT ZONE

Whether driving is a daily routine or just a weekend occasion, the new FABIA makes your weekdays more pleasant and weekends more fun. State-of-the-art technologies hidden under the sophisticated dashboard will take care of you.

STEERING WHEEL

The multifunctional leather steering wheel enables you to control the radio and phone.

CLIMATRONIC AIR CONDITIONING

The electronic air conditioning will ensure maximum comfort all year round and, thanks to the humidity sensor, will even deal with a steamed-up windscreen.

LIGHT AND RAIN ASSIST

Your drive will be safer and more pleasant as the Light and Rain Assist can automatically turn the lights and wipers on and off. It also includes Tunnel Light, Coming Home and Leaving Home function.

ELECTRICALLY-ADJUSTABLE WINDOWS

The controls of the front and rear windows are conveniently located in the door panelling. Thanks to the up/down function a single button can be used for every window.

ELECTRICALLY-ADJUSTABLE AND HEATED SIDE-VIEW MIRRORS

The external side-view mirrors can be quickly adjusted and defrosted or defogged from the comfort of your seat without having to open the windows.

SAFETY

PUT EXTRA EYES ON THE ROAD

Travelling is safer with an alert co-driver. Hence the new FABIA comes with plenty of assistants allowing you to react to any situation promptly. Some of the systems can even prevent an impending collision all by themselves.

DRIVER ALERT (Fatigue Detection)

Driver Alert reduces the risk of a fatigue-induced emergency. By monitoring driver behaviour, the system assesses the degree of driver fatigue and, if necessary, warns of the need for a rest and break in the journey.

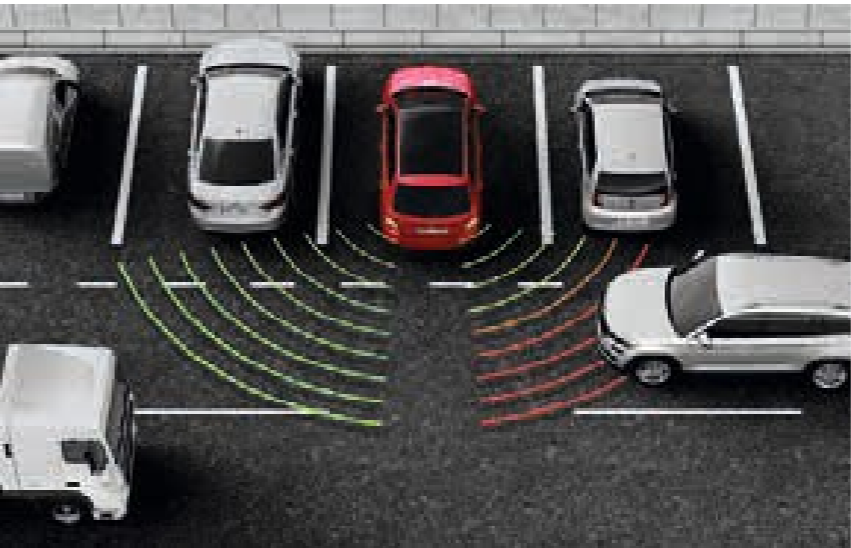

ADAPTIVE CRUISE CONTROL

Using a radar device in the front bumper, the ACC, besides maintaining the preselected speed, maintains a safe distance from vehicles in front of you.

FRONT ASSIST

This assistant system is designed to monitor the distance from the vehicle ahead, including automatic deceleration and braking. Just like the ACC, Front Assist uses the radar device in the front bumper.

REAR TRAFFIC ALERT

This assistant, which comes as part of the Blind Spot Detect system and uses the same radar sensors, helps you reverse safely from a parking space during poor visibility.

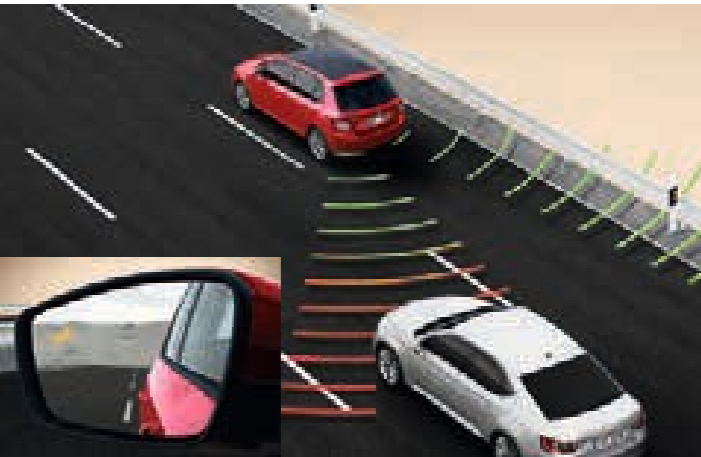

REAR-VIEW CAMERA

Your car can also be equipped with a rear-view camera located on the handle of the 5th door. It monitors the space behind the car and indicates the driving lanes, based on the vehicle width.

PARK DISTANCE CONTROL

Parking the FABIA is easier and safer with the parking sensors integrated in the front and rear bumper, which check the car's distance from any obstacles.

BLIND SPOT DETECT

Using radar sensors in the rear bumper, Blind Spot Detect monitors the blind areas behind and beside the car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

SAFETY ISN'T OPTIONAL

In extreme situations, where the driver cannot actively affect the outcome, the car's passive safety elements take over – like the airbags. In the new FABIA you are protected by six airbags, which come as standard.

FRONT AIRBAGS

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard. If needed, this can be deactivated when a child seat is installed on the front seat.

HEAD AIRBAGS

Upon activation, head airbags create a wall protecting the front and rear occupants against head injury.

SIDE AIRBAGS

These two airbags protect the pelvis and chest of the driver and front seat passenger in the event of a side collision.

PERFORMANCE

POWER FRIENDLY, WALLET FRIENDLY

There's no need to choose between dynamism or economy. All new FABIA engines offer agility as well as economy and exemplary low emissions. When your itinerary includes long distances, the spirited TSI engine is your perfect match.

TRANSMISSION

Depending on the engine version, the car can be equipped with a manual transmission or an automatic DSG (Direct Shift Gearbox).

KESY / EASY START

The car can be equipped with KESY (Keyless Entry, Start and exit System) or with the simpler version called Easy Start. A Start/Stop button for keyless switching on and off of the engine is located on the steering column.

ENGINE

Our offer includes 3 or 4 - cylinder petrol engines with MPI as well as TSI technology. Power output of 81 kW.

CUSTOMISATION

DYNAMIC PACKAGE

The exclusive sports seats in a special design, multifunctional sports steering wheel, door panelling with red stitching, black ceiling, pedal covers in alloy design and sports chassis underline the dynamic character of your car. The Dynamic package is available for the Ambition and Style versions as extra equipment.

ACCESSORIES

MADE BY ŠKODA, DESIGNED BY YOU

Accessories aren't just fashion fads. With ŠKODA Genuine Accessories, you can transform your car by expanding its practicality, safety and purpose, and make it a lot more suitable for your specific needs.

BACK SEAT PROTECTION

You will certainly utilise and appreciate the back seat protection, so you no longer need to worry about the cleanness of your car. The cover is sufficiently sized to cover the area of the back seats in order to protect them against shed hair and dirt from transported animals.

LTE CARSTICK

The LTE CarStick enables fast and reliable Internet connection. With the LTE CarStick in place, you can comfortably find the nearest petrol station, book a hotel room or reply to an urgent email while travelling.

SMART HOLDER – MULTIMEDIA HOLDER

The holder for an external device, which can be mounted on the front seat headrests, will definitely be appreciated by the rear seat passengers.

SMART HOLDER – CLOTHES HANGER

The practical clothes hanger, for your jacket, for example, can be mounted to the front seat headrest.

SMART HOLDER – HOOK

Handbags or backpacks don't have to take up space on the back seats. Hang them from the smart holder hook fixed to the front headrests.

WHEELS

17" BRAGA anthracite alloy wheels, brushed

17" CAPRICORNUS anthracite metallic alloy wheels, brushed

17" TORINO glossy silver alloy wheels

17" BLADE platinum matt alloy wheels, brushed

17" RAY black metallic alloy wheels, brushed

15" DENEK glossy black alloy wheels

WHEEL CARE & STYLE PACK

Car wheels are like shoes. No matter whether the “shoes” of your ŠKODA are stylish, sporty or purely functional, our WHEEL CARE & STYLE PACK offers a multitude of items which will make your wheels even more attractive and totally unique!

DECORATIVE VALVE CAPS

With tyre valve caps bearing the ŠKODA logo, your car will look stylish down to the smallest detail.

BOLT CAPS

Our offer includes decorative bolt caps for wheels with and without safety bolts.

COMPLETE WHEEL COVERS

This set of high-quality polyester wheel covers enables easy wheel transport and handling.

IMAGE DISCLAIMER
